

TUTORIAL.

FSL Edge Beverage Coasters.

- 1) Use a 150x150mm or 6x6 inch Hoop.
- 2) Hoop 2 layers of water soluble fabric in hoop pull tight.
- 3) Sew Colours 1 and 2 on water soluble fabric.
- 4) Cut 1x thin layer batting, 1x applique fabric the size of the inside of hoop and place it on top of water soluble fabric in the hoop and pin it down making sure pins are not in the line of sewing.
- 5) Sew colours 3 and 4 then cut away fabric (batting and app. fabric) approx. 4mm from sewing line. Remove Pins.
- 6) Continue sewing until last 2 colours.
- 7) At this stage remove hoop from machine, place a piece of fabric lining at the back of the hoop and pin it down making sure pins are not in line of sewing and the fabric is nice and flat.
- 8) Replace hoop and sew 2nd last colour remove hoop from machine and trim the edge of fabric lining approx. 2mm from zig zag edge.
- 9) Replace hoop and finish the coaster by sewing last colour.
- 10) Remove hoop from machine and fabric from hoop, cut away excess water soluble fabric. Soak and wash in warm soapy water. Pull into shape and dry flat.

I hope you enjoy making and using these lovely coaster.
